## Episode 612 – Morris Chair

- Craftsman Morris Chair Plans

## Episode 613 – Top Shop Tips

- Finishing Essentials Article
- Great tips on using 3 different types of stain, oil, gel or dyes and how they work on wood with open grain versus closed grain. Also lots of tips on using oil and water based finishes and combining them together to get your desired look.

## Season 7

### Episode 701 - Classic Sideboard

- Classic Sideboard Plans
- Great shop tip on cutting threaded rods with a hack saw. Holds the threaded rod firmly and guarantees a straight cut.

### Episode 702 - Wide-Screen TV Cabinet

- Widescreen TV Cabinet Plans
- Consider using a product called Etch All Etching Cream that can be found at most hobby stores. Might be a great idea for Neta's glass fronts in the kitchen.

### Episode 703 - Craftsman Bookcase

- Two-Drawer Bookcase Plans
- Three types of joinery, mortise & tenon, sliding half dovetail, & locking rabbits. There is a very good tip on attaching a 90 degree guide board to the plastic handle on the AIO straight edge clamp. Where the router bit cuts through the guide board (or circular saw) will help you line up the cut on the project board.

### Episode 704 - Router Extravaganza

- Router Job Box Plans
- Router Techniques
- Interesting edges just using 3 bits to make 17 profiles, two round over bits and a core ox bit. Also great idea on how to mount and store my router bits in their router job box. Consider the router storage wood piece covered by a piece of paper listing the bit type and covered over with a Mylar sheet to protect the paper from finger prints.

### Episode 705 - Hall Storage Bench

- Mudroom Storage Bench Plans
- Loose Tennon Joinery x 3 Video's
- Nice project but not much use in our home.

### Episode 706 - Rustic Step-Back Cupboard

- Rustic Step-Back Cupboard Plans
- Frame & Panel Doors x 2 Video's
- Interesting use of milk paint to achieve rustic look on the cabinet. Also liked the way they made the raised panel on the door on the project just using the table saw.

### **Episode 707 - 3-in-1 Drill Press Upgrade**

- 3-In-One Drill Press Upgrade Plans
- Cutting Dado's, Rabbits & Grooves Video
- This is the unit that I built for my shop a few years ago!

### **Episode 708 - Cherry Bookcase**

- Low Cherry Bookcase Plans
- Attaching Molding & Edging Video
- This project is made out of one sheet of cherry veneer plywood, secured together by screws. Solid cherry lumber covers all of the joints and edges of the plywood.

## Episode 709 Planter Box & Outdoor Bench

- Planter Box Plans
- Garden Bench Plans
- Exterior Glues & Finishes Video
- Neta would like the planter box. Great construction techniques on making the heavy duty legs out of three pieces of wood which makes the mortises used in the construction a no brainer.

## Episode 710 - Kitchen Workstation

- Kitchen Workstation Plans
- Details Of Locking Rabbet Joinery Video
- The technique used to make the solid butcher block top is very interesting.

### Episode 711 - "5" Cool Tools

- 5 Cool Tools Article
- Marking Knife Plans
- Look at Kreg circular saw jig for ripping long pieces of plywood.

### Episode 712 - Craftsman Clock & Serving Tray

- Craftsman Style Clock Plans
- Curved-Handle Serving Tray Plans
- The serving tray would make a nice gift. I like the curved handles.

## **Episode 713 - Small Shop Solutions**

- Fold Up Finishing Station Plans
- Outfeed Table Plans
- Sliding Door Cabinet Plans
- Stowaway Router Table Plans
- Tool Caddy Plans
- Small-Space Workshop Secrets Article
